Date

Dear Ashok,

As you are aware that air pollution in Delhi reaches disturbing levels especially in winter seasons, despite various stringent actions being taken by various Departments of Government of NCT of Delhi for air pollution control. Hon'ble Chief Minister of Delhi has announced a 15-point Winter Action Plan 2023-24 on September 29, 2023, to mitigate air pollution in Delhi.

The Winter Action Plan 2023-24 encompasses 15 critical points, each designed to play a pivotal role in combating air pollution and enhancing the overall ambient air quality of Delhi:

1. Hotspots monitoring: Separate special action plans for 13 identified hotspots of Delhi,
2. Stubble Burning Control
3. Dust Pollution Control
4. Vehicular Pollution Control
5. Prohibiting Open Burning
6. Industrial Pollution Control
7. Strengthening Green War Room
8. Strengthening Green Delhi app.
9. Real Time Source Apportionment Study
10. Ban on Fire-crackers
11. Enhancing Green Area/Plantation
12. Development of E-waste Eco- Park
13. Public Awareness Campaign
14. Dialogue with Central Government, Government of India, CAQM and NCR States on Air Pollution Control
15. Implementation of GRAP (GRAP- Graded Response Action Plan)

In consideration to past records, while the city might be expected to experience poor ambient air quality levels in coming weeks, effective implementation of the Winter Action Plan will bring a significant difference in reducing air pollution and improving the air quality of Delhi.

GREEN DELHI - CLEAN DELHI

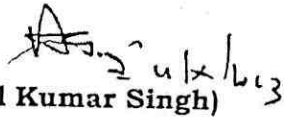

SAY NO TO CRACKER

Therefore, I request your department to take all necessary steps to ensure the effective implementation of the Winter Action Plan 2023-24. Additionally, please ensure that your department submits daily action taken reports (format sent via email) under winter action plan to the Green War Room (greenwarroom@gmail.com), this will help us in tracking the progress of Winter Action Plan 2023-24.

With regards

Yours sincerely,

(Anil Kumar Singh)
